Dear Mr. President,

For the past three years I have been lecturing in the Department of English at Trinity College - during the absence of a lecturer overseas. As it is uncertain whether that lecturer will return

to resume his work at Trinity, I now venture to inquire whether there is possibility of work at the University next year. I should be very grateful for advice in any case, as to Universities where you consider it might be suitable for me to apply. My post-graduate course under Professor Butt has now been completed, and I should be able to go to another part of Canada next year.

Trusting that this inquiry is not out of order – I am somewhat in doubt as to how to proceed owing to the uncertainty of Mr. Thomas's return, I am

Yours sincerely,
Hossain M. Waddington.
